

FORTIFIED PRO

Supplement For Beef Cattle

This protein, energy, concentrated vitamin and mineral package is specifically formulated for use on growing and mature beef cattle to complement roughage (grass hay or dry grass pasture) and/or light grain. Provide plenty of drinking water and free choice salt.

This product contains added Selenium at 6 mg/kg

Guaranteed Analysis	
Crude Protein, minimum	14.00%
Crude Fat, minimum	5.00%
Crude Fiber, maximum	2.00%
Calcium (Ca), actual	2.50%
Phosphorus (P), actual	2.00%
Salt (NaCl), actual	0.50%
Magnesium (Mg), actual	3.00%
Potassium (K), actual	66 mg/kg
Fluorine (F), maximum	66 mg/kg

Copper (Cu), actual	500 mg/kg
Iodine (I), actual	25 mg/kg
Manganese (Mn), actual	2000 mg/kg
Cobalt (Co), actual	5 mg/kg
Zinc (Zn), actual	1500 mg/kg
Vitamin A, minimum	176,000 IU/kg
Vitamin D, minimum	35,200 IU/kg
Vitamin E, minimum	1760 IU/kg

Ingredients

Beef Molasses, Soybean Meal, Monocalcium Phosphate, Monocalcium Phosphate, Vegetable Oil, Magnesium Oxide, Dehydrated Aspergillus Dryase Fermentation Extract, Zinc Oxide, Zinc Proteinate (Reg No. 990679), Copper Sulfate, Copper Proteinate (Reg No. 990579), Cobalt Sulfate, Sodium Selenite, Manganous Oxide, Manganese Proteinate (Reg No. 990665), Ethylenediamine Dihydrochloride, Potassium Iodide, Calcium Carbonate, Vitamin A, Vitamin D3, Vitamin E, Thiamine Mononitrate, Biotin, Folic Acid, D-Pantothenic Acid, Pyridoxine Hydrochloride, Vitamin B12, Riboflavin, Ascorbic Acid, Nicacin, Menadione Dimethylpyrazinyl Sulfate and Ethoxyquin.

Feeding Recommendations

Expected intake is 220-385 grams (8-14 ounces or 1/4-1/2 lb.) per head per day. Product should be available continuously. Locate tubs near a source of water, salt or feeding areas. On open range locate tubs where animals congregate, near gaps or along trails. Variables in consumption could be temperature, humidity, type of animal, animal size, stage of production and animal health. The quality, source, availability of roughage and/or light grain may also affect consumption. Measure product upon first introduction to figure consumption. Tub holds approximately 1.2 kg (2.7 lb.) per inch. Increase consumption by decreasing number of head or adding another tub. To reduce consumption, increase number of head or move tubs away from congregating areas. If the tubs, remove a tub. Always provide a fresh, clean source of water and free choice salt.

Warning: Contains high levels of copper. Do not feed to sheep.
Selenium Caution: Directions for use must be carefully followed.
 Do not use in association with other feed containing supplemental selenium.

Net Weight: 113.4 Kg (250 Lbs.)
